

Statement of Sound Engineering Practice

Original Limited products for sale in the EU that are defined as pressure equipment (pressure accessories) with regard to the Pressure Equipment Directive 2014/68/EU, have been classified in accordance with Article 13 (Classification of Pressure Equipment).

Products that are below the limits in Article 4, paragraphs 1 and 2 and referred to in paragraph 3 must be designed and manufactured in accordance with sound engineering practice. The Commission's working group "pressure" guideline 9/19 indicate that while CE marking must not be affixed to SEP (Sound Engineering Practice) equipment, a statement may be provided that indicates sound engineering practice requirements (9/1) have been met.

Unless otherwise indicated (in product labelling and literature) that products are formally CE marked to category I or higher, Original Limited products are also designed, manufactured and tested in accordance with the requirements of the specific harmonised ISO standards.
